

List of EU and EFTA trading partners approved to export fresh meat of domestic and wild ungulates to Great Britain

Recent Changes

Country	Description of Change	Date of Update
Spain	Outbreaks of African Swine Fever in wild boar have been reported in Spain. Imports of fresh meat from domestic and non-domestic porcine animals from the regions of Spain restricted by the Spanish authorities are no longer approved.	02/12/2025
Spain	Specific Condition 1 has been added to Spain's entry, following an outbreak of Lumpy Skin Disease that was confirmed on 3 October 2025. As a result, imports from Spain of bovine offal (except diaphragm and masseter muscles) are temporarily suspended.	07/10/2025
Hungary	Defra has reviewed the actions taken by the Hungarian Competent Authority in response to an outbreak of foot-and-mouth disease (FMD) that was confirmed on 6 March 2025 and concluded that Hungary can be considered as free of FMD from 10/09/2025. As a result, the suspension on imports of fresh meat of ungulates covered by certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from HU-0, HU-1 and HU-2 has been lifted. An opening date of 10/09/2025 has been applied to HU-0, HU-1 and HU-2. In addition, footnote 'h' has been added to HU-0, HU-1 and HU-2, which stipulates that 'for certification purposes, this territory is considered to have been free of FMD from 10/09/2025.'	17/09/2025
France	Specific Condition 1 has been added to France's entry, following an outbreak of Lumpy Skin Disease that was confirmed on 29 June 2025. As a result, imports from France of bovine offal (except diaphragm and masseter muscles) are temporarily suspended.	01/07/2025
Italy	Specific Condition 1 has been added to Italy's entry, following an outbreak of Lumpy Skin Disease that was confirmed on 21 June 2025. As a result, imports from Italy of bovine offal (except diaphragm and masseter muscles) are temporarily suspended.	25/06/2025
Austria	Defra has reviewed the actions taken by the Austrian Competent Authority in response to an outbreak of foot-and-mouth disease that was reported on the Hungary-Austria border on 26 March 2025. As a result, the suspension on imports of fresh meat of ungulates covered by certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from Austria has been lifted.	24/06/2025
Bulgaria	Defra has reviewed the actions taken by the Bulgarian Competent Authority in response to outbreaks of Classical Swine Fever (CSF) and concluded that the entire territory of Bulgaria can be recognised as free of CSF from 24/04/2025. An opening date of 24/04/2025 has been applied to BG-1, BG-2, BG-3 and BG-4. As a result, the suspension of imports of fresh meat of ungulates covered by certificates POR, SUF and SUW from BG-1 and BG-2 have been lifted.	30/05/2025
Germany	Defra has reviewed the actions taken by the German Competent Authority in response to an outbreak of foot-and-mouth disease (FMD) that was confirmed on 10 January 2025 and concluded that the containment zone (DE-6) can be recognised as free of FMD from 14/05/2025. As a result, the suspension on imports of fresh meat of ungulates covered by certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from DE-6 has been lifted. An opening date of 14/05/2025 has been applied to DE-6. In addition, footnote 'g' has been added to DE-6, which stipulates that 'for certification purposes, this territory is considered to have been free of FMD from 14/05/2025.'	14/05/2025
Austria	On 27 March 2025, following an outbreak of foot-and-mouth disease on the Hungary-Austria border, imports from Austria of fresh meat of ungulates susceptible to FMD were suspended completely through removal of the model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from Austria's entry. Following review, certificates covering farmed animals (BOV, OVI, RUF, POR and SUF) have been re-instated, but with closing dates of 24/02/2025 inserted in column 7.	10/04/2025
Austria	Following an outbreak of foot-and-mouth disease that was reported on the Hungary-Austria border on 26 March 2025, imports from Austria of fresh meat of ungulates susceptible to FMD are no longer approved. Model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW have been removed from Austria's entries.	27/03/2025

Country	Description of Change	Date of Update
Slovakia	Foot-and-mouth disease was confirmed in Slovakia on 21 March 2025. The restrictions outlined in the entry dated 07/03/2025 continue to apply.	27/03/2025
Germany	Following an assessment of the measures implemented by the German authorities in response to an outbreak of foot-and-mouth disease (FMD) confirmed on 10 January 2025, the UK has recognised regionalisation for this outbreak. Restrictions have been lifted on imports of fresh meat of ungulates covered by certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from FMD-free areas of Germany (DE-1, DE-2 and DE-5).	24/03/2025
EU Member States	Supplementary guarantee 'K', relating to controlled housing conditions in accordance with Article 8 of EUR 2015/1375, has been added to all entries covering parts of EU Member States with model certificates POR, SUF or SUW attached to their listing.	14/03/2025
Slovakia	On 7 March 2025, following an outbreak of foot-and-mouth disease on the Hungary-Slovakia border, imports from Slovakia of fresh meat of ungulates susceptible to FMD were suspended completely through removal of the model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from Slovakia's entries. Following review, certificates covering farmed animals (BOV, OVI, RUF, POR and SUF) have been re-instated, but with closing dates of 01/02/2025 inserted in column 7.	14/03/2025
Hungary	On 7 March 2025, following an outbreak of foot-and-mouth disease on the Hungary-Slovakia border, imports from Hungary of fresh meat of ungulates susceptible to FMD were suspended completely through removal of the model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from Hungary's entries. Following review, certificates covering farmed animals (BOV, OVI, RUF, POR and SUF) have been re-instated, but with closing dates of 01/02/2025 inserted in column 7.	14/03/2025
Slovakia	Following an outbreak of foot-and-mouth disease that was confirmed on the Hungary-Slovakia border on 6 March 2025, imports from Slovakia of fresh meat of ungulates susceptible to FMD are no longer approved. Model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW have been removed from Slovakia's entries.	07/03/2025
Hungary	Following an outbreak of foot-and-mouth disease that was confirmed on the Hungary-Slovakia border on 6 March 2025, imports from Hungary of fresh meat of ungulates susceptible to FMD are no longer approved. Model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW have been removed from Hungary's entries.	07/03/2025
Germany	On 13 January 2025, following an outbreak of foot-and-mouth disease, imports from Germany of fresh meat of ungulates susceptible to FMD were suspended completely through removal of the model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW from Germany's entries. Following review, certificates covering farmed animals (BOV, OVI, RUF, POR and SUF) have been re-instated, but with closing dates of 10/12/24 inserted in column 7.	29/01/2025
Germany	Following an outbreak of foot-and-mouth disease that was confirmed on 10/1/2025, imports from Germany of fresh meat of ungulates susceptible to FMD are no longer approved. Model certificates BOV, OVI, RUF, RUW, POR, SUF and SUW have been removed from Germany's entries.	13/01/2025
Sweden	Outbreaks of African Swine Fever in wild boar have been reported in Sweden. Imports of fresh meat from non-domestic porcine animals from the regions of Sweden restricted by the Swedish authorities are no longer approved. Imports of fresh meat from domestic porcine animals from the regions of Sweden restricted by the Swedish authorities are now subject to supplementary guarantee 'L'.	03/10/2023
Croatia	An outbreak of African Swine Fever in domestic pigs has been reported in Croatia. Imports of fresh meat from domestic porcine animals from the regions of Croatia restricted by the Croatian authorities due to those outbreaks are no longer approved. Restrictions also apply to fresh meat produced in regions affected by outbreaks in wild animals.	06/07/2023
Greece	An outbreak of African Swine Fever in domestic pigs has been reported in Greece. Imports of fresh meat from domestic porcine animals from the regions of Greece restricted by the Greek authorities due to those outbreaks are no longer approved.	17/05/2023
Greece	Outbreaks of African Swine Fever in wild boar have been reported in Greece. Imports of fresh meat from domestic porcine animals from the regions of Greece restricted by the Greek authorities due to those outbreaks are now subject to supplementary guarantee 'L'.	09/02/2023

EU and EFTA Countries

List of trading partners approved to export fresh meat of domestic and wild ungulates to Great Britain (a)

Footnotes

a	Without prejudice to specific certification requirements provided for by any relevant agreement between the United Kingdom and third countries.
b	Meat from animals slaughtered on or before the date set out in column 7 may be imported into Great Britain for 90 days from that date. Consignments carried on vessels on the high seas may be imported into Great Britain if certified before the date set out in column 7 for 40 days from that date. (N.B.: no date in column 7 means that there are no time restrictions).
c	Only meat from animals slaughtered on or after the date set out in column 8 may be imported into Great Britain (no date in column 8 means that there are no time restrictions).
d	Fresh or chilled hides and skins' and 'untreated wool and hair', as defined in Article 25(2)(e) of EUR 2011/142, are prohibited
e	Relates to implementation of restrictions, through Commission Implementing Decision 2013/764/EU, in response to Classical Swine Fever outbreaks
f	For certification purposes, this territory is considered to have been free of FMD for more than 24 months.
g	For certification purposes, this territory is considered to have been free of FMD from 14/05/2025.
h	For certification purposes, this territory is considered to have been free of FMD from 10/09/2025.
—	No certificates are laid down and fresh meat imports are prohibited (except for those species where indicated in the line comprising the entry for the whole country).

Information Keys

Specific Conditions

1	Category restrictions: No offal is authorised for introduction into Great Britain (except, in the case of bovine species, diaphragm and masseter muscles).
---	--

Supplementary Guarantees

A	Guarantees regarding the maturation, pH measurement and boning of fresh meat, excluding offal, certified according to the models of veterinary certificates BOV (GBHC300) (reference AH/P002), OVI (GBHC320) (reference AH/P002), RUF (GBHC373) (reference AH/P002) and RUW (GBHC374) (reference AH/P002).
C	Guarantees regarding the laboratory test for classical-swine-fever in the carcasses from which fresh meat was obtained, certified according to the model of veterinary certificate SUW (GBHC378) (reference AH/P606).
D	Guarantees regarding swill feed on holding(s) of animals from which fresh meat certified was obtained according to the model of veterinary certificate POR (GBHC310) (reference AH/E005 (d)).
E	Guarantees regarding tuberculosis test in the animals from where fresh meat certified was obtained, according to the model of veterinary certificate BOV (GBHC300) (reference AH/A603 (d)).
G	Guarantees regarding 1, exclusion of offals and spinal cord; and 2, testing and origin of cervid animals in relation to chronic wasting disease as referred to in the models of veterinary certificates RUF (GBHC373) (reference PH/D301) and RUW (GBHC374) (reference PH/D300).
H	Supplementary guarantees required for Brazil concerning animal contacts, vaccination programmes and surveillance. However as the State of Santa Catarina in Brazil does not vaccinate against foot and mouth disease, the reference to a vaccination programme is not applicable for meat coming from animals originating and slaughtered in that State.
J	Guarantees regarding the movement of bovine, ovine and caprine animals from holdings to the slaughterhouse, which allow them to pass via an assembly centre (including markets) before being transported directly to slaughter.
K	Holdings or compartments recognised as applying controlled housing conditions in accordance with Article 8 of EUR 2015/1375.

Veterinary Certificates

BOV	Model of veterinary certificate for fresh meat, including minced meat, of domestic bovine animals (including Bison and Bubalus species and their cross-breeds).
EQU	Model of veterinary certificate for fresh meat, excluding minced meat, of domestic solipeds (Equus caballus, Equus asinus and their cross-breeds).
EQW	Model of veterinary certificate for fresh meat, excluding offal and minced meat, of wild solipeds belonging to the subgenus Hippotigris (zebra).
OVI	Model of veterinary certificate for fresh meat, including minced meat, of domestic ovine animals (Ovis aries) and domestic caprine animals (Capra hircus).
POR	Model of veterinary certificate for fresh meat, including minced meat, of domestic porcine animals (Sus scrofa).
RUF	Model of veterinary certificate for fresh meat, excluding offal and minced meat, of farmed non-domestic animals of the order Artiodactyla (excluding bovine animals (including Bison and Bubalus species and their cross-breeds), Ovis aries, Capra hircus, Suidae and Tayassuidae), and of the families Rhinocerotidae and Elephantidae.
RUW	Model of veterinary certificate for fresh meat, excluding offal and minced meat, of wild non-domestic animals of the order Artiodactyla (excluding bovine animals (including Bison and Bubalus species and their cross-breeds), Ovis aries, Capra hircus, Suidae and Tayassuidae), and of the families Rhinocerotidae and Elephantidae.
SUF	Model of veterinary certificate for fresh meat, excluding offal and minced meat, of farmed non-domestic animals belonging to the Suidae, Tayassuidae, or Tapiridae families.
SUW	Model of veterinary certificate for fresh meat, excluding offal and minced meat, of wild non-domestic animals belonging to the Suidae, Tayassuidae, or Tapiridae families.
NZ-TRANSIT-SG	Model of veterinary certificate only for transit through Singapore with unloading, possible storage and reloading of fresh meat originating from New Zealand, for which New Zealand is authorised for introduction into Great Britain, which is eligible for introduction and destined to Great Britain.
